INTRODUCTION

Introducing @leisure

@leisure is one of Australia's leading **sport, leisure and open space** consultancies. We have been providing services to government, sports and the parks and land development industry for over 20 years.

We specialise in planning and designing public spaces and facilities to support active lifestyles and enhance leisure experiences.

We employ professionals from a range of disciplines including recreation, strategic and environmental planning, sports and project management, marketing, and business. With its multidisciplinary team @leisure delivers a range of project types, including:

- Strategic plans for infrastructure and sport and recreation organisations
- Facility plans
- Feasibility studies and business cases
- Master plans and design projects
- Demand analyses
- Participation projections and market modelling
- Comprehensive stakeholder and community engagement programs

We are known for our consultative style, the ability to work co-operatively, rigorous methods and extensive research skills. Our community, staff and stakeholder engagement process is tailored to each individual project to ensure financial, social and environmental objectives are met.

We offer our clients the full range of skills needed to undertake projects efficiently, while providing the depth of knowledge necessary to ensure outcomes are practical to implement. By addressing the specific needs of key stakeholders and a wide range of user groups, we ensure that projects succeed on the ground.

SPECIALISTS IN

RECREATION PLANNING AND PARTICIPATION

- Participation and activation strategies
- Community surveys and market research
- Access and inclusion
- Recreation strategies and needs assessments
- Community infrastructure planning
- Community and stakeholder engagement plans

SPORT

- Feasibility studies and business cases
- Indoor and outdoor sport facility planning and design
- Strategic and business plans for sports organisations
- Demand projections and modelling
- Master plans and management plans
- Grounds management reviews
- Strategic Plans

SKATE / BMX / MTB

- Skate / BMX / scooter / MTB strategic plans
- Youth facility strategies
- Facility audits, risk assessments, retrofits
- Management plans
- Design concepts

OPEN SPACE

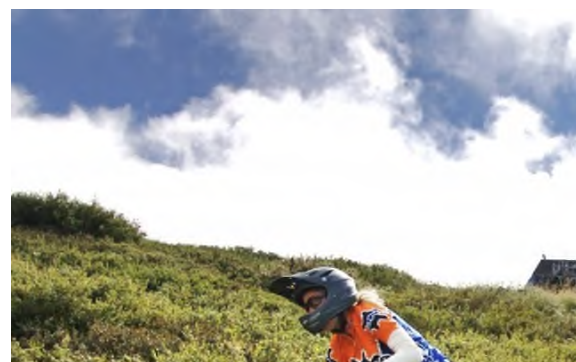

- Open space strategies
- Open space planning for new residential development and structure plans
- Peer reviews and expert witness statements
- Animal management plans and dog park designs
- GIS mapping and catchment analysis
- Master plans and designs
- Water based recreation plans

AQUATICS

- Aquatic feasibility and business cases
- Aquatic strategies and development plans
- Design input
- Business plans and management reviews
- Demand assessments and stakeholder engagement

TRAILS / CYCLING / WALKING

- Off-road trail strategies
- Off-road trail and path route-way planning
- Cycling, walking and equestrian strategies
- Off-road trails and path design

TRACK RECORD

"It's an excellent plan and I am very pleased with the result."

Janet Webb Road Safety / Active Transport Officer,
Melton City Council (Traffic School Business Plan)

"We are extremely happy with the Curtain Square report."

Mark Dornau Manager Environment & Recreation
Services, City of Yarra (Curtain Square: Review of
Dog Off-Leash Enclosure)

"The Study was very well received...the RNS was adopted unanimously by Council, and the Councillors were all very pleased."

Megan White Landscape Planner / Project Coordinator,
North Sydney Council (Recreation Needs Study)

"The plan will greatly assist council officers and the Showground user groups as a framework for its future development."

Wendy Daly Community and Recreation Officer, Rural
City of Wangaratta (Showgrounds Strategic Business
and Management Plan)

"I think given the work that we've undertaken this year partnering with health services on working in the primary prevention of violence against women and our intention to work more closely with female participation in AFL, this document will provide sound evidence and many examples of best practice to work more conscientiously in this space."

Jacinda Erich Recreation Inclusion Officer, Yarra
Ranges Shire Council (A Gender Lens for Leisure)

"Overall, the response from the group was that it was a great plan. Thank you for your efforts on what was a very difficult topic and situation. It really hit the main point proposed in the brief...thank you!"

Marcus Forster Acting Manager Community and
Recreation, Rural City of Wangaratta (Showgrounds
Strategic Business and Management Plan)

"Well done Sally. We wouldn't be taken seriously without your advice and hard work. Sally has done a wonderful job. It's a very detailed rationale for why we need a stadium and demonstrates that we are serious. I have sent it to the Director Community Programs. He was very impressed."

Phillip Stott, Committee Member, Collingwood
Basketball Association (Collingwood College Sports
Centre Business Case)

"An excellent document!"

Luke O'Brien CBA Stadium Management Committee,
Collingwood Basketball Stadium Business Case CBA

"I was impressed with how inclusive it is... it looks great. We do appreciate that you have put a lot of time into the strategy, and more than originally anticipated, thanks for that."

Anthony Nelson, Strategic Projects Planner, East
Gippsland Shire (Trails Strategy)

"I believe it is a quality document and closely aligns to Sport and Recreations Project Brief. I feel the design work undertaken for Greaves Reserve/ Showgrounds area is really good. This documentation as well as the design layout going forward will provide the necessary justification and background for any proposed Regional Soccer facility within the Greaves / Dandenong showgrounds precinct. You put a very well argued case for the development and you certainly were able to change my mind about the preferred site."

John Weeks, Former Team Leader Community Sport and
Recreation, City of Greater Dandenong (Soccer Hub
Feasibility, Concept & Business Plan)

"@leisure was engaged by the City of Canada Bay to prepare a Recreation Facilities Strategy. The purpose of the Strategy was to determine the type of recreation facilities that would be needed to meet future population demands. The strategy was especially important to inform the preparation of a new development contributions plan."

The team at @leisure have an excellent knowledge of the recreation and leisure industries and provided strong analysis and evidence to support their recommendations. The staff from @leisure were a pleasure to work with, at all times professional and worked cooperatively with council staff to prepare the Strategy in a timely and efficient manner. Council is very happy with the quality of the work undertaken and would welcome the opportunity to work with the @leisure team again in the future."

Paul Dewar, Senior Strategic Planner, City of Canada
Bay (Recreation Facilities Strategy)

"Everything you provided was excellent!"

Steve McGrath, Open Space Planner, City of Whitehorse
(Boronia Rd Sports Concept Plan)

*"As a whole it is fantastic and is exactly what we are after." Nick Allen, Recreation & Leisure Coordinator,
Shire of Wyndham / East Kimberley (WA) (Kununurra
Aquatic and Recreation Centre – Business Plan and
Design Concept)*

"Can I congratulate you on the study to date, you have done a great job particularly on the consultation side given the large number of stakeholders identified for this facility. It has been great working with you and the team and Baulkham Hills have done well to have you do their study."

Alan Boyd, Senior Asset Engineer, Hornsby Shire Council
(Wisemans Ferry Boat Ramp Redesign)

"@leisure's Regional Soccer Hub Feasibility Study and Business Plan presentation went very well"

Mark Doubleday, Director Community Services, City of
Greater Dandenong (Soccer Hub Feasibility, Concept &
Business Plan)

"[@leisure's] response was timely and professional; there was nothing more that I could've asked. The implementation plan was thorough, will withstand anything and was a successful outcome"

Fiona Morrison, Acting Manager Open Space, City of
Ryde Council (Ryde Sportsgrounds Best Value Review)

Cricket and Football Strategy - City of Whittlesea

WHO WE ARE

Sally Jeavons

Principal Planner

- Grad Dip Market Modelling, Swinburne U.T.
- Grad Dip Recreation Planning, Canberra CAE
- BA (Geography), University Of New England

Sally has 30 years experience as a recreation planner and twenty years as a director of @leisure. She has held board positions on international leisure associations over many years. She has managed local government recreation departments and has worked as an employee of state government in planning, recreation and housing departments.

Sally has undertaken extensive work in market research, community engagement, open space planning methodology, facility, sports facility planning and feasibility management and design, as well access and inclusion. She has presented and published papers widely. Sally is a life member of Play Australia, and Parks and Leisure Australia. She was the recipient of the 2009 Frank Stewart Award for excellence and outstanding contribution to the field.

Sally is typically involved in all stages of the work and methodological aspects of projects as well as overall performance of each study team.

Michael Graham

Senior Sport and Recreation Planner

- Bachelor of Arts – Recreation Management, Victoria University.
- Graduate Certificate – Business Marketing, RMIT University

An experienced aquatic and leisure facility manager, Michael has worked in the industry for the past 28 years with local government, Universities, the YMCA, RANS Management Group and the past 13 of these with Belgravia Leisure; an operator of aquatic and leisure facilities, sports stadiums, golf courses, day spas, alpine resorts and events centres. Most recently as General Manager – Programs, Michael was responsible for the national growth and development of programs.

Michael has extensive experience undertaking leisure centre performance audits across both large and small leisure facilities in Victoria, South Australia, Queensland and the UAE. Identifying and planning for improved financial performance has been a key to his success. He also has experience with facility design from the operators perspective; contract management; business improvement analysis and program implementation; business plans including marketing plans and environmental plans; budget preparation and management; staff recruitment, mentoring and performance reviews; Capital works

Daniel Willsmore

Senior Sport and Recreation Planner

- Dip of Management, Recreation Planning, NBIT and HM Leisure Planning
- Grad Dip Sport Business, Victoria University
- Dip of Applied Science (Horticulture), University of Melbourne

Daniel has in excess of 25 years experience in the sport and recreation industry across three states in Australia and in the UK. Daniel has experience in Recreation Planning, Event and Venue Operations, Sports and Recreation Development and Horticulture for both private and public organisations.

Previous to working with @leisure, Dan was a Recreation Planner for Kingborough City Council in Tasmania, where he undertook many projects such as developing a recreation facility strategy, planning and managing the implementation of an urban mountain bike park as well as numerous trails, playground and sport facility projects and preparation of numerous successful funding applications for large and small projects.

In his spare time, Daniel likes to participate in a range of activities such as kayaking, mountain biking and coaching his children's soccer teams.

WHO WE ARE

Diana Barrie

Senior Sport and Recreation Planner

- Graduate Certificate Planning - RMIT
- Graduate Diploma Recreation Planning - Canberra CAE
- Bachelor of Arts (Geography) - UNSW

Diana has over 30 years' experience in recreation and tourism planning and project management of infrastructure projects for State Governments in NSW and Victoria. The last 10 years was involvement with State and Local governments for major regional infrastructure projects with a focus on tourism. These included regional trail networks (rail trails and their evaluation), overseeing funding for tourism infrastructure works such as the redevelopment of the Hepburn Bathhouse, Flagstaff Hill Museum and many other regional tourism attractions including showgrounds.

Whilst working in Sport and Recreation, Diana specialised in the area of indoor sports facilities (specifically swimming pools) for both local government and the international sphere, as part of the Infrastructure Team for Melbourne's Bid for the Olympic Games.

Ross Parkhill

Business Analyst

- Masters of Engineering and Management, University of Strathclyde, United Kingdom

Ross is a qualified Business Analyst and PRINCE2 project manager who has experience working in a diverse range of industries both here and in the UK. Ross's experience includes successfully managing challenging projects across different business sectors, involving multiple stakeholders and external vendors, whilst delivering on both tight timescales and budgets. Within @leisure, Ross has successfully project managed several sport/recreation needs assessments and facility feasibility studies.

Ross is an active sports participant and has coached both senior and junior soccer teams. His hands on experience in sport includes setting-up a club's junior soccer programme and managing various fund-raising initiatives for club development.

Ross's role in @leisure also includes testing the feasibility of facilities, preparing financial forecasts and writing business plans, these plans have been produced for sporting facilities like the Civic Reserve Recreation Centre Mornington, venues such as the Wangaratta Showgrounds and commercial entities like the Flemington Traders Association.

Briar Sefo

Project Manager and Planner

- Master of Business (Sports Management), Deakin University
- Bachelor of Law/Arts(Political Science), University of Waikato

Briar is a recent addition to the @leisure team.

Briar has ten years experience in planning and project management. She is an experienced sports Project Manager with a background in sports, law and governance. Briar has established success in a wide range of strategic outcomes and has significant experience with policy development planning assessments and governance best practice frameworks, with a strong work ethic to achieve cohesion and stakeholder goals.

Briar was most recently employed by Athletics Australia as a Project Manager, where she was involved in the development and implementation of the AA strategic plan.

She also has over three years' experience as a Paralegal with Rigby Cooke and Maddocks Lawyers, where she specialised in planning and environment issues and S173 planning agreements for Councils.

Briar is an accomplished track and field athlete.

WHO WE ARE

Nele Roose

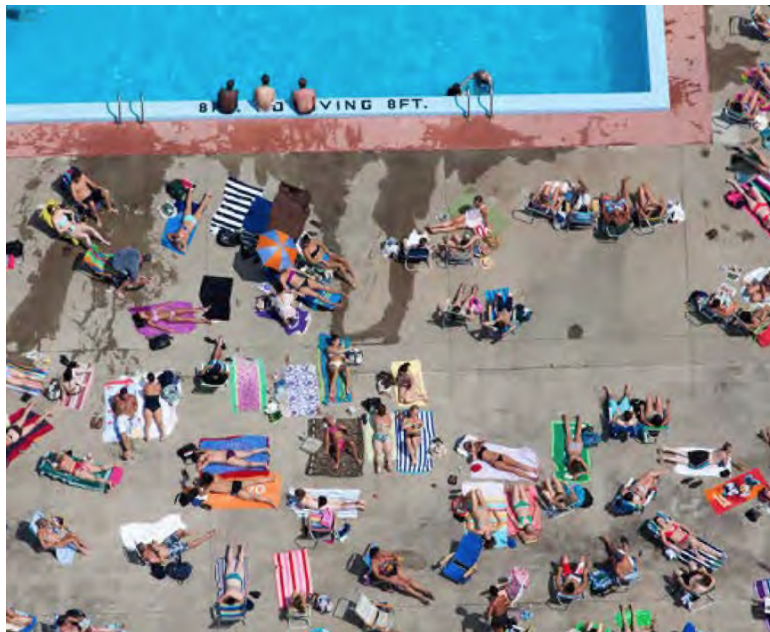

GIS and Document Manager

• Bachelor of Topography – Hogeschool Gent, Belgium

Nele has over 10 years experience in a range of business, and data related capacities. She has considerable experience in digital mapping, cartography and Geographic Information Systems and previously worked for an international digital mapping data company. She has held several positions in the company related to process improvements, training and information systems.

Nele has considerable experience in the preparation of and manipulation of GIS layers and data. Since joining @leisure, she has undertaken GIS mapping for a number of open space and sport and recreation strategies and feasibility studies.

Nele is also responsible for the design of documents and document templates.

Adrian Dixon
