COMPANY OVERVIEW

2024

INTRODUCING @LEISURE

@leisure is one of Australia's leading sport, leisure and open space consultancies. We have been providing services to government, sports and the parks and land development industry for over 20 years.

We specialise in planning and designing public spaces and facilities to support active lifestyles and enhance leisure experiences.

We employ professionals from a range of disciplines including recreation, strategic and environmental and urban planning, sports and project management, marketing, and business. With its multidisciplinary team @leisure delivers a range of project types, including:

- Strategic plans for sports, open space and recreation infrastructure
- Facility plans
- Feasibility studies and business cases
- Master plans and design projects
- Demand analyses
- Participation projections and market modelling
- Comprehensive stakeholder and community engagement programs

We are known for our consultative style, the ability to work co-operatively, rigorous methods and extensive research skills.

Our community, staff and stakeholder engagement process is tailored to each individual project to ensure financial, social and environmental objectives are met.

We offer our clients the full range of skills needed to undertake projects efficiently, while providing the depth of knowledge necessary to ensure outcomes are practical to implement.

By addressing the specific needs of key stakeholders and a wide range of user groups, we ensure that projects succeed on the ground.

SPECIALISTS IN

* FEASIBILITY STUDIES

* STRATEGIC PLANS

* MASTER PLANS

* BUSINESS CASES

* POLICY DEVELOPMENT

* OPEN SPACE STUDIES

For sports and recreation facilities, reserves, showgrounds, aquatic facilities new residential developments.

RECREATION PLANNING

- Participation and activation strategies
- Community engagement; surveys and market research
- Access and inclusion
- Recreation strategies and needs assessments
- Community infrastructure planning

SPORT

- Feasibility studies and business cases
- Indoor / outdoor sport facility planning and design
- Strategic plans for sports
- Demand projections and modelling
- Master plans and management plans
- Management plans

SKATE/BMX/MTB

- Skate / BMX / scooter / MTB strategic plans
- Youth facility strategies
- Facility audits, risk assessments, retrofits
- Management plans

OPEN SPACE

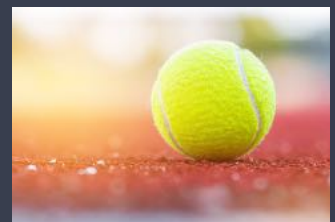

- Open space strategies
- Open space planning for new residential development and structure plans
- Peer reviews and expert witness statements
- GIS mapping and catchment analysis
- Master plans and designs
- Water based recreation plans

AQUATICS

- Aquatic feasibility and business cases
- Aquatic strategies and development plans
- Design input
- Business plans and management reviews
- Demand modelling, market assessments and stakeholder engagement

TRAILS / CYCLING / WALKING

- Off-road trail strategies
- Off-road trail and path route-way planning
- Cycling, walking and equestrian strategies
- Off-road trails and path design
- Cycle sport strategies and feasibility assessments

TRACK RECORD

"Amazing work - very exciting for the sport and users"

Nadia Smith, Senior Strategic Planner, Mornington Peninsula Shire. Recreational MTB and BMX Strategy

Excellent work,

We will review prior to our meeting on Wednesday.

Marti Fooks, Senior Landscape Architect City of Moonee Valley

"With the significant change expected to occur in Sunshine over the next 10 years it was critical that a strategic assessment was conducted to identify the future and true potential of Sunshine Leisure Centre. @leisure Planners delivered a thorough and informative assessment of our facility which will undoubtedly greatly assist with future plans for the site."

John Clark, former Manager Brimbank Leisure Centre - Brimbank Sunshine Leisure Centre Strategic Assessment

"The masterplan report was received really well. No one had any feedback on the report which was fantastic. It's probably one of the first times I've ever not had people want to change words. We're making recommendations for a potentially \$80 million facility in five years. It was a fantastic report. You pretty much nailed it, the first time. So well done guys. It was really good. Thank you."

Sara Townsend, Recreation and Events Coordinator - Bayside City Council Sandringham Family Leisure Centre Needs Assessment Facility Review and Master Plan.

"The work and project was fantastic. The Caulfield Racecourse Reserve Trust worked with Sally and provided from the State and broader region, a fantastic analysis of the recreation shortfalls in the region, not just those for the existing clubs but for sports that were absent in the area."

Andrew Paxton, General Manager - Caulfield Racecourse Reserve Trust (Strategic Sport and Active Recreation Plan)

"Really appreciate the work put in considering such tight timeframes!

I am sure that if successful in our application, it'll be due to the evidence provided in these documents. Thanks again."

Tristan Hennessy, Strategic Projects Planner - East Gippsland Shire Council (Benefits Assessment W.O.R.L.D Sporting Precinct)

"I think through Sally's facilitation and questioning we gained greater insight and clarity as related to this project as a collective."

Damir Lendich, Coordinator, Youth Services City of Brimbank (Youth Recreation centre Co-Design Study)

"Such a great job with Stawell Park. You have a fabulous manner with our community. The way you presented to council. 100% trust."

Naomi Goode, Director - Communities Northern Grampians Shire (Stawell Park Precinct Plan)

"The report you did for us all those years ago - we still refer to it. It is still very handy and we really appreciate the work you did for us"

Peter Coad, Hornsby Shire (Recreation Waterways Strategy)

"The community reference group were very impressed with the document. Councillors were impressed with your presentation and the way the document is looking and the whole process. Thank you. Council endorsed the plan for Stawell Parks and commended you, the process and the end result. Great work."

Tony Dark, Co-ordinator Recreation and Leisure - Northern Grampians Shire (Stawell Parks Precinct Plan)

"A number of us have looked through the documents. Thank you for the consultation that has been undertaken thus far, it was very thorough."

Leonie Gibson, Senior Project Officer - City of Whitehorse (Indoor Sports Feasibility Study)

"We released our 'State Football Facilities Strategy to 2026' with excellent feedback. I think the strategy has come up really well. This enabled the World Game Facilities Fund' to develop and grow from \$2.5M and \$5M. I think the strategy has come up really well. We appreciate the work that your team has put into this review. I believe it has been well worth it."

Gary Cole, Executive Manager - Facilities & Advocacy Football Federation Victoria

"Thank you for being so fabulous to work with, I highly value your expertise, knowledge and way of working."

Kate Morris, Former Principal of Northcote High School (Northcote High school Indoor Sports Centre Business Case)

"Thanks for providing the Issues and Opportunities Paper. Some great work in there. I received some good feedback from the Project Control Group. There is some amazing work on the management model."

Jason Sharp, Recreation Planner Open Space, Recreation & Wellbeing - Bayside City Council (Sandringham Family Leisure Centre Facility Review)

"I think the issues paper is an easy read thank you and points out the issues for directors and Councillors."

Jodie Mayberry, Community Wellbeing Manager - Glenelg Shire Council. (Glenelg PLACE Feasibility Study)

RECENT PROJECTS

WHO WE ARE

SALLY JEAVONS

Principal Planner

Grad Dip Market Modelling, Swinburne U.T
Grad Dip Recreation Planning, Canberra CAE
BA (Geography), University of New England

Sally has 30 years experience as a recreation planner and twenty years as a director of @leisure. She has held board positions on international leisure associations over many years. She has managed local government recreation departments and has worked as an employee of state government in planning, recreation and housing departments.

Sally has undertaken extensive work in market research, community engagement, open space planning methodology, facility, sports facility planning and feasibility management and design, as well as access and inclusion. She has presented and published papers widely. Sally is a life member of Play Australia, and Parks and Leisure Australia. She was the recipient of the 2009 Frank Stewart Award for excellence and outstanding contribution to the field.

Sally is typically involved in all stages of the work and methodological aspects of projects as well as overall performance of each study team.

MICHAEL GRAHAM

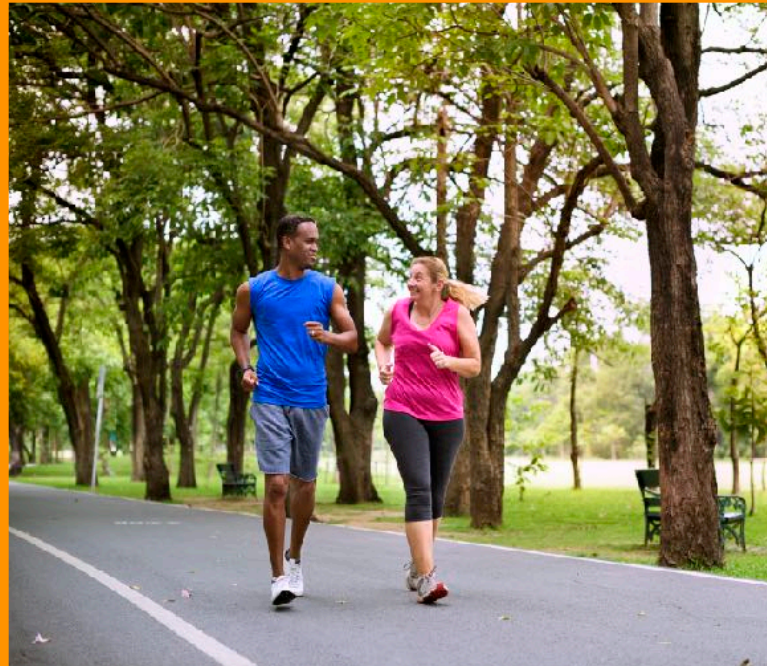

Senior Sport and Recreation Planner

Bachelor of Arts - Recreation Management, Victoria University
Graduate Certificate - Business Marketing, RMIT University

An experienced aquatic and leisure facility manager, Michael has worked in the industry for the past 28 years with local government, Universities, the YMCA, RANS Management Group and the past 13 of these with Belgravia Leisure; an operator of aquatic and leisure facilities, sports stadiums, golf courses, day spas, alpine resorts and events centres. Most recently as General Manager - Programs, Michael was responsible for the national growth and development of programs.

Michael has extensive experience undertaking leisure centre performance audits across both large and small leisure facilities in Victoria, South Australia, Queensland and the UAE. Identifying and planning for improved financial performance has been a key to his success.

He also has experience with facility design from the operators perspective; contract management; business improvement analysis and program implementation; business plans; budget preparation and management; staff recruitment, mentoring and performance reviews; Capital works programming and asset management; marketing, membership retention and sales.

ROSEANNA MEECH

Recreation and Open Space Planner

Bachelor of City Planning (Honours) Graduate
Master of Urban Design University of Melbourne (Commencing 2024)

Rosanna has been working as a Strategic Planner for Councils in NSW prior to joining @leisure, developing strategic plans and policies and implementing and reviewing planning controls that reflect the Council's and community requirements.

Rosanna brings a knowledge of statutory and development application processes to the team, as well as strong understanding of sport from academic studies and personal experience.

She has experience in community consultation on place planning and strategic planning projects, in developing master plans, and in land use and place planning strategies, policies, programs and plans.

Roseanna has shown she has strong interpersonal skills and can establish productive working relationships with professional groups, government authorities and individuals.

She delivers high quality reports that are easily understood with clear conclusions and recommendations.

WHO WE ARE

@leisure have excellent relationships with numerous sports architects, aquatic engineers, landscape architects and cost planners who we can bring to projects as required.

PAUL PAGLIARO

Sport Project and Business Manager

Associates Degree in Customer Service - RMIT

Paul has been working in the sport fitness, and recreation field since 2006, as General Manager for Belgravia Leisure Group, followed by a General Manager for the Fitness Lifestyle Group where he worked until 2018.

Prior to joining @leisure, Paul worked for the City of Yarra in the Recreation and Leisure area, which manages aquatic and leisure centres and a golf course. Paul co-ordinated the Customer Experience Area for Yarra Leisure.

He has extensive experience in profit and loss preparation, budget analysis, forecasting for sports and aquatic facilities, trend analysis, assessing business effectiveness, compliance, policy development and managing customer experience.

In his role at @leisure he is able to bring this facility and financial planning and management experience to strategic planning and the preparation of business cases. He is responsible for project management oversight for the team.

ADRIAN DIXON

Project and Business Administration Officer

Bachelor of Sport & Recreation Management/Business Management - Victoria University

Master of Sport Business Integrity - Victoria University

Adrian holds qualifications in a double degree in Sport & Recreation Management/Business Management, as well as a Master of Sport Business Integrity Degree, both studied at Victoria University.

Prior to joining at @leisure, Adrian worked for the Coburg Football Club, who currently play in the VFL competition, where he held roles and responsibilities working in logistics, football operations and digital/social media.

Adrian's experience includes administration and operations, logistics, digital/social Media, facility management and data management.

Adrian's role with @leisure includes project administration, and data collection and analysis.

FREDI SATYA

GIS Practitioner

Master of Science in Geography - Universitas Gadjah Mada, Yogyakarta, Indonesia.

Bachelor of Cartography and Remote Sensing - Universitas Gadjah Mada, Yogyakarta, Indonesia.

Fredi has 15 years of project experience in GIS and Spatial Mapping.

Fredi is highly skilled in Geographic Information Systems, Remote Sensing, Aerial Mapping, Spatial Modelling and Project Management.

Fredi has worked in universities in Indonesia as a lecturer and has contributed to many publications and was a Director and Senior GIS Analyst at Mitra Geomata, a GIS Consultancy based in Indonesia.

Since Joining @leisure Fredi has been preparing catchment analysis and isochrone maps to assess walkability, as well as open space planning and facility location maps. We has worked on Projects such as The Lauren Jack Stadium Aquatic Feasibility Study , The Ballarat Open Space Strategy and the Maribyrnong Paddle Sports Plan.
